

AUGEO CLEAN MULTI

We declare that **AUGEO CLEAN MULTI** is obtained from the acetalization reaction of glycerin with ketones compounds and is intended for technical uses.

In the context of the European Directive 2001/18/EC on the deliberate release into the environment of Genetically Modified Organisms (GMOs) and European Regulations N°1829/2003 & N°1830/2003 relative to the placing on the market of genetically modified food & feed or food & feed products containing or consisting of GMOs, these GMOs & food products derived from GMOs are subject to traceability and labelling requirements.

These requirements do not apply to food & feed containing GMOs in a proportion no higher than 0.9% of the food/feed ingredients considered individually and if the presence is adventitious or technically avoidable.

AUGEO CLEAN MULTI is derived from glycerin of vegetable origin and according to information received from the raw material suppliers, glycerin can be originated from genetically modified soybean.

Therefore we cannot guarantee that

AUGEO CLEAN MULTI is not originating from genetically modified organisms.

Genetically Modified Organisms (GMO)

Above statement is valid for AUGEO CLEAN MULTI manufactured in the plant in :
São Paulo (Brazil)

Information given above corresponds to the current status of our knowledge (July 2014).

LEGAL STATEMENT

The above information is provided for our customers only (and we accept no liability to any third parties) and reflects our current knowledge and experience of the product. All products are supplied in accordance with our general terms and conditions for sale. We can accept no liability for the effects of any chemical combinations or mixtures of the product which are carried out by our customers or third parties. In using the product our customers are reminded to comply with all relevant legal, administrative and regulatory requirements and procedures relating to its use and the protection of the environment.
