Re: Animal Testing – Lavender Oil TCDL-CESS-BOWL-NLAV

To Whom It May Concern

We can confirm that the Lavender Oil supplied by Cosy Owl on TCDL-CESS-BOWL-NLAV has not been tested or retested for cosmetic purposes on animals by or on behalf of our company or our suppliers.

However, we would like to point out that animal tests might be obligatory for raw materials which fall under the scope of REACH (EC/1907/2006) in order to submit a REACH registration and to import the raw materials legally.

Yours Faithfully,

The Cosy Owl Team
